

Work Tables

Wooden Setting Table

The Wooden Setting Table is a purpose-built workstation designed for jewelry crafting, offering convenience and functionality in a compact space:

- **Space-Efficient Design:** Crafted as a heavy-duty workbench, this table is well-suited for smaller workspaces. Its stainless steel top ensures durability and resilience to daily use.
- **Storage Convenience:** It boasts multiple drawers and a stainless steel tray, providing ample storage for tools and materials, aiding in maintaining an organized work environment.
- **Customizable Bench Pin:** Included as a standard wooden bench pin, this feature allows for customization based on specific customer preferences, ensuring versatility in jewelry crafting.
- **Anti-static Coating:** An anti-static finish, the table's surface prevents dust and debris from sticking, facilitating easy cleanup and maintenance.
