

Work Tables

**Filing Table with
Dust Collector**

Description :

- Space-Efficient Workbench: A heavy-duty workbench designed for small spaces, featuring a stainless steel top for durability.
- Drawer and Dust Collection: Multiple drawers equipped with stainless steel dust collection trays, ensuring a clean and organized workspace.
- Motor Stand: Includes a stand for hanging flexible shaft motors, optimizing workspace efficiency.
- Energy-Efficient Lighting: Incorporates a power-saving lighting system to enhance visibility during work.
- Wooden Bench Pin: Comes with a wooden bench pin in a standard size, with the option for customization based on customer requirements.
- Powder-Coated Surface: The unit is powder-coated with an anti-static finish, providing a non-sticky surface that allows for easy removal of dust and debris.
