

Lockers

Description :

Usage

Banks Vaults, Private Vaults, Hospitals, Post offices, Hotels, Clubs

Locking System

The opening of the safety locker is jointly controlled by the Custodian and the renter, each provided with a separate key. Locks are interchangeable, so that locks of vacated lockers can be replaced easily for additional security, a special Renter's personal lock for the renter with only one unique key to prevent unauthorized access can be provided. Optionally, padlocking hasps can also be fitted on all locker doors enabling renters to use their own padlocks.

Accessories

Also available, accessories like movable inspection tables, step adders, key cabinets, low settees, and steel sleepers (to keep lockers a way from direct contact with floor).

Technical Specifications

Locker Type	Height (cm)	Width (cm)	Depth (cm)
A	12.5	17.5	49.2
B	15.9	21	49.2
