

Work Tables

Setting Table

Description :

- Space-Efficient Workbench: A heavy-duty workbench, ideal for small spaces, featuring a stainless steel top for durability.
- Ample Storage: Equipped with multiple drawers and a stainless steel tray for organized storage.
- Motor Stand: Includes a stand for hanging flexible shaft motors, optimizing workspace efficiency.
- Customizable Bench Pin: Provides a wooden bench pin in a standard size, with the option for customization based on customer requirements.
- Anti-static Coating: The unit is powder-coated with an anti-static finish, creating a non-sticky surface that facilitates the easy removal of dust and debris.
